How do you do? My name is Puddin, and I am a miniature horse. I got my name from the color of my hair. They say when I am brushed, and the sun is shining, I am smooth like chocolate.

Hey Boomer get out of that! Not your stuff.
Stay in your food..

Sorry about that... I have to keep these other mini horses under control. If I don't, no one will. They listen to me. No, I am not mean to them, I just keep my eye on them to be sure they stay out of trouble. They know how to do the right thing, they just need a little guidance!

I love to run around the barnyard and chase my brothers and sisters. We have a great time and even at times Deac joins us for a run around the yard. He is really fast and most of the time we give up because he is so fast and keep going and going around and around. At times we all just sit in the middle of the yard and watch him make loop after loop!

I love getting first dibs on the hay in the morning. It's the freshest, and we have the best hay from all around the city. In the summer time we get to watch the kids and staff go to the fields and harvest it. It takes about a week to get done and we pray that it doesn't rain for it makes the process longer. The farm manager works long hard hours during that time. When he comes in after plowing he looks like he jumped into a swimming pool, but I hadn't ever seen a pool out in the fields. One day I'll go look!

Well, I gotta run for everyone is eating my share of the hay!!
